Individual identification of each animal shall be by an ear tattoo or official metal or plastic tag. A microchip ID is acceptable, if the owner provides the reader!
Tattoos may be used when a registration certificate, listing the tattoo number, accompanies the animal.
When using ear tags, the tag MUST indicate the premise ID and state of origin. The tag number MUST be assigned by a state or APHIS representative and be recorded in the Scrapie Record Database.
 Ears should be used for tattooing when possible. If there is no space in the ear, the flank or tail fold may be used.
